For Immediate Release

Mr. David Eikelberg Joins The SPECTRUM Group

Alexandria, Va. – February 19, 2025 – [The SPECTRUM Group \(TSG\)](#) is pleased to announce that [Mr. David Eikelberg](#) has joined its firm. Mr. Eikelberg delivers more than 20 years of experience supporting clients in advanced nuclear regulatory compliance, safety, licensing, and related domains, drawing on his extensive nuclear energy and facility regulatory, management, licensing, and operations background.

"David brings exceptional experience, expertise, and integrity to TSG," said [Andrew J. Campbell, TSG Executive Chairman](#). "He will expertly support our clients in nuclear energy, security, and defense and related domains. I'm grateful to David for his years of service to our nation's nuclear security and safety and look forward to working together closely."

Prior to joining TSG, Mr. Eikelberg served a 19-year career in nuclear licensing and regulatory compliance at the Department of Energy (DOE) Transuranic Waste Processing Center in Oak Ridge, where he led nuclear licensing research and development, program management, capture efforts for the \$3B DOE Savannah River Site contract, and compliance programs and policies throughout the DOE complex. He also led DOE contracting and nuclear operations, including developing licensing documents and analytics for existing nuclear facilities, nuclear infrastructure management, nuclear safeguards, decontamination and decommissioning, waste storage, environmental management, risk reduction, and hazardous waste disposal.

"TSG is fortunate to have David join our team," said [TSG's President, Major General George Close, U.S. Army \(Ret.\)](#). "His nuclear regulatory background, including in small modular reactors, enhance TSG's [Energy, Installations & Environment](#), [Security, Defense & Aerospace](#), and related practice areas."

Mr. Eikelberg is experienced with Nuclear Regulatory Commission (NRC), DOE, Department of Defense (DOD), U.S. Navy, and International Atomic Energy Agency (IAEA) requirements and processes, and has worked with and for numerous naval and conventional nuclear power operations and facilities. He also previously supported, refueling, maintenance, and licensing for twelve NRC-licensed commercial nuclear power plants. Earlier, Mr. Eikelberg worked in roles supporting DOD and U.S. Navy nuclear power and Chemical, Biological, Radiological, Nuclear, and Explosives (CBRNE) programs.

[The SPECTRUM Group \(TSG\)](#) is a premier Washington, D.C.-based strategic consulting, government relations, and professional services firm. Since 1993, SPECTRUM's diversified practice has helped U.S. and global clients achieve their defense, security, and government business objectives.

Mr. Eikelberg can be reached at (703) 683-4222 or deikelberg@spectrumgrp.com.
